Portraits of American Mass  
Consumption

*Pallets #1, Seattle, 2003*

32"x40"

## Part 1 CONTEXT AND BACKGROUND

### Chapter 1 **Planning for Zero Waste** *1-1*

Why Plan for Zero Waste? *1-1*

Strategic Issues for Olympia *1-1*

Benefits of Moving Toward Zero Waste *1-4*

Planning for Zero Waste *1-9*

State of Washington: Moving Beyond Waste *1-9*

Olympia's Commitment to Zero Waste *1-10*

### Chapter 2 **Olympia's People and Their Waste** *2-1*

Population and Employment Trends *2-1*

Population and Solid Waste Customers *2-1*

Demographics *2-2*

Households *2-3*

Employment *2-3*

Waste Generation and Diversion *2-3*

What Is Waste? *2-4*

How Much Waste Is Generated? *2-5*

Who's Generating the Waste? *2-7*

What's Sent to the Landfill? *2-9*

What Could Be Diverted from Olympia's Garbage? *2-10*

Challenges and Opportunities *2-13*

Growing Population and Waste *2-13*

Potential for Increased Diversion *2-13*

Potential for Waste Reduction *2-13*

**Chapter 3 Legal and Policy Framework 3-1**

Solid Waste Handling and Disposition 3-1

Resource Conservation and Recovery Act (RCRA) 3-1

State Solid Waste Management Act 3-1

Thurston County Board of Health Rules 3-2

Solid Waste Planning 3-2

Solid Waste Collection and Transportation 3-3

Special Solid Waste Laws 3-4

Olympia Laws and Policies 3-4

Municipal Code 3-4

Waste Management Policy 3-5

Challenges and Opportunities 3-5

New Product Stewardship Legislation 3-5

City Authority for Waste Management 3-5

Private Sector Challenges and Opportunities 3-5

**Chapter 4 Waste Management Programs and Facilities  
in Thurston County 4-1**

City of Olympia 4-2

Recyclables 4-3

Single-Stream Curbside Recycling 4-3

Special Recycling Collection 4-3

Yard Debris 4-4

Garbage 4-4

Construction and Demolition Debris 4-5

Public Education 4-5

Thurston County 4-5

Garbage and Yard Debris – Transfer, Processing  
and Disposal 4-5

Drop-off Services for Self-Haulers 4-6

Special Waste Services 4-6

Outreach and Education 4-7

Private Sector Programs and Services 4-7

Commercial Recycling Collection 4-7

Recyclables Processing and Marketing 4-7

Organic Materials Processing 4-8

Garbage Disposal 4-8

Challenges and Opportunities 4-8

Reliance on Private Sector 4-8

Collection and Processing 4-9

Potential Emergencies 4-10

**Chapter 5 Waste Management in Olympia 5-1**

- Organizational Relationships 5-1
- Waste ReSources Programs 5-2
  - Waste Prevention and Reduction Program 5-2
  - Collections Program 5-3
- City of Olympia: Walking Its Talk 5-6
  - Policies 5-6
  - Implementation 5-7
- Challenges and Opportunities 5-7
  - Waste Prevention and Recycling 5-7
  - Collections 5-8
  - Walking the City's Talk 5-9

## Part 2 PLANNED STRATEGIES, ACTIONS AND FINANCE

**Chapter 6 Plan Direction and Methodology 6-1**

- Policy Context for the Plan 6-1
  - Olympia's Sustainable Community Vision 6-1
  - Public Works Mission and Vision 6-2
  - Waste ReSources Mission and Strategic Role 6-2
  - Strategic Issues 6-2
- Waste ReSources Goals 6-3
- Strategies for 2008-2013 6-4
- Approach to Developing the Plan 6-5

**Chapter 7 Waste Reduction 7-1**

- Strategy 1.1. Encourage Waste Reduction 7-2

**Chapter 8 Increased Diversion of Recyclables and Compostables 8-1**

- Strategy 2.1. Optimize Recycling of Residential Waste 8-3
- Strategy 2.2. Increase Recycling of Commercial Waste 8-5
- Strategy 2.3. Increase Diversion of Organics 8-8
- Strategy 2.4. Improve Recycling of C&D Debris 8-11

**Chapter 9 Responsible Disposal 9-1**

- Strategy 3.1. Ensure That Recyclable Materials Are Actually Recycled and That Operations Are Effective 9-1

**Chapter 10 Resources and Funding 11-1**

- Services and Customer Classes 10-1
- Expenditures and Revenues 10-2
  - Expenditures 10-2
  - Revenue 10-3
- Assets and Liabilities 10-4
- Financial and Risk Management 10-5
  - Policies and Practices 10-5
  - Reserve Funds 10-6
  - Exposure to Risk 10-7
- Resources Needed for Plan Implementation 10-8
  - Staffing Changes 10-8
  - Additional Funding Requirements 10-9
